Defense Management Branch, SOVA/DI

SUBJECT:

Meeting with Library of Congress Analyst

On 26 February I met briefly with Dr. Richard Grimmett in the Agency reception area. We discussed the nature and depth of effort that the Library of Congress has on the world arms market. He agreed to send me his latest report (unclassified). Our meeting took place following his visit to another office, he was waiting for a colleague to finish another meeting. No plans were made for future meetings.
